

SUMMER DINING AT VASSAR COLLEGE

SUMMER DINING AT GORDON COMMONS

At **Gordon Commons**, one can find seasonally fresh foods prepared from scratch in the café.

At the **Farmers station**, one can find a mixture of greens to choose from. Complementing the greens will be an array of items that can be added along with house made dressings, different proteins, and composed salads. There will be yogurt with fresh fruit, cottage cheese, and other ingredients to build your own parfait. Included at lunch and dinner, deli meats, salads, and other condiments will be available to build your own sandwich. And for those with a sweet tooth, there will be freshly baked items for dessert or a snack.

At the **Home station**, we will be offering seasonally fresh entrees and sides for breakfast, lunch, and dinner. The Root station next to Home will offer from scratch vegan options during all three meal periods.

The **Brick station** will offer daily at lunch and dinner a variety of house made pizza from scratch.

The **Beverage station** offers a variety of hot and cold beverages including soy and almond milk.

SUMMER DINING AT THE RETREAT

At the **Retreat**, one can find seasonally fresh foods prepared from scratch in the café.

The program will offer our guests the opportunity to Pick 4 menu items at breakfast, lunch, and dinner.

The **Grill station** will be open for breakfast, lunch, and dinner. In addition at lunch and dinner, the **Power Bowl station** will be open. There will be a variety of cold items in our cold display cases that will be part of the Pick 4 program. These items will include yogurt, fruit cup, composed salads, pre-made salads, and pre-made sandwiches. Vegetarian and Vegan options will be available.

Hot and cold beverages will also be available with the Pick 4 program.
